

Non-Disclosure Agreement (NDA)

The next couple of questions will help us draft your Non-Disclosure Agreement (NDA).

NDA's are typically used by parties who want to protect confidential information while discussing entering into a potential business relationship.

If you are unsure about your answers, don't worry! Complete this questionnaire and we will contact you directly to discuss your circumstance before advising on how to proceed.

For additional information look over relevant resources at our [Learn Centre](#).

Instructions

Please complete the upcoming questions to the best of your knowledge.

We understand some concepts might be new to you. If you're unsure about any of your responses, please checkmark "I Don't Know" and one of our lawyers will contact you to discuss and advise you directly.

If you wish to work on this form offline, please download the PDF summary [here](#) and return back to complete the form when you are ready.

Disclaimer

All legal services will be performed by Oziel Law. If you are not a client of Oziel Law, you will be asked a couple of questions relating to our engagement prior to submitting this form. Our acceptance of you as a client is subject to our review of your submission and a firm conflict check.

YES
NO

Are you interested in a mutual NDA to protect everyone's confidential information or in a one-way agreement to protect only what you disclose? *

Mutual NDA
One-Way NDA

What is the purpose of the NDA?

Some examples of when NDA's are used (a) to interview several web developers before deciding on who to engage; (b) presenting your application or website idea to potential users to determine their interest level prior to launch; or (c) showing a sample product to several manufacturers to determine who will manufacture the product.

Please list the specific types of confidential information that you want to specifically refer to?

Examples would be if you are (a) providing services through a website or application, you would include the website, any code, software, algorithms, etc. included in and/or used to create the website or application; or (b) creating any product(s), you would include any research and development, ideas, samples, inventions, etc. that are in any way related to your product(s).
